4. **Recent events.** The *Virtual Reference Perspectives* online conference was very successful with 92 attendees and excellent evaluations. The first NY 3Rs-sponsored webinar, *Open Source Software*, filled up very quickly (35 attendees) and went well. Registration numbers have been improving.
5. **Upcoming Events.** We have a very busy schedule of F2F and webinar events planned for spring. Two of the webinars will be taught by Amigos Library Services staff. They have a wide range of topics available and may be able to expand our offerings considerably. Collaborations on webinars will include Amigos, OCLC, and ALA content.
6. **E&T 3-Year Plan:** Was approved. Nora will add appropriate quotes from recent surveys and evaluation and submit to the SCRLC Board.
7. **LibGuides E&T Resources Page.** Will be published on SCRLC and an announcement will be made on the SCRLC home page and weekly online newsletter. All present thanked Sarah Maximiek for her excellent work in creating the LibGuides pages. Committee members are encouraged to provide additional links and content for the pages.
8. **Around the Table.** Nora reported that the RBDB and HLSP funds have finally been received from NYS. Delhi just received two skeletons (!) for teaching and they have run a naming contest. They have two vacancies. IC has a new Web Services Librarian and will be hiring a new Natural Sciences Librarian. BU has a new University President; they have 2 positions open. The downtown campus is expected to reopen this summer, definitely in time for the fall semester. BAE's collection is still in boxes awaiting its new location after the flooding.
9. **Next Meeting.** 10:00 am-12:00 noon, April 18, 2012.
